Re: Application No. 10/662,005
Inventors Kevin J. Gierl and Thomas Schluep
Title: "Self-Correcting Sensor for an Entrance"

Art Unit 3634
Examiner: Redman, JE

Sir:

This is in response to the Official Action mailed December 12, 2005., which asserts that, in the response filed February 22, 2005, applicants did not respond to all the Section 112 points made by the examiner in the official action of December 15, 2004.

This paper repeats verbatim the entire response filed February 22, 2005 and in addition contains a section dealing in detail with the examiner's comments relating to 35USC112. The "Remarks" section now has two subheadings – "Section 112 points in the original response" and "Section 112 points reviewed."

Respectfully submitted,

William L. Kraye
